Lucas Merkert	1326709	1,00
Achim Glaesmann	1309221	1,00
Max-Rene Konieczka	1211092	1,00
Can Cihan Nazlier	1179244	1,00

Tabelle 1: Arbeitsaufwand dieser Woche

1 Überblick

1.1 Friedrich Just

Usually when using a \LaTeX document sections and paragraphs are used to categorize your content. Down below you'll find some examples how to create and use sections and paragraphs. As you will see the enumeration of the sections and subsections will be done automatically.

1.2 Stipe Knez

1.3 Lucas Merkert

test [1]

1.4 Achim Glaesmann

1.5 Max-Rene Konieczka

1.6 Can Cihan Nazlier

1.7 Internet sources

Sources out of the internet are often used by students, but **do not** only provide the URL of the source. You'll always need to state the author, title and your last access to the website as well! If you look in the References section down below, you'll see how to reference a web source correctly.
